Cerra Hike Collection

Hiking innovation without boundaries

Delivering for you on your hike

Viking's versatile Cerra Hike shoes have been designed and developed for hiking in the mountains, with sustainably produced leather uppers featuring GORE-TEX. These technical all-terrain shoes employ Viking's durable and high-traction UGC® Hike outsole for maximum, comfort, traction and stability. With the increased comfort and fantastic fit Cerra Hike offers, you are delivered premium comfort and grip. Available in low, mid and high cut profiles, Cerra Hike gives you options for your preferred fit, and all are built atop premium EVA Foam cushioning for powerful energy return with every step.

Packed with innovation

These outstanding boots are packed with the best of what Viking produces; Innovative, materials and components with an eye to quality and sustainability. Cerra Hike is a proving ground for all four corners of our developmental partnerships and achievements; Our Ultimate Grip Concept sole, built in GORETEX, sustainable leather, and so much more. Every piece is a modern, premium component, and we have left nothing to chance. Enjoy your next adventure in Cerra Hike!
