NO SHORTCUTS

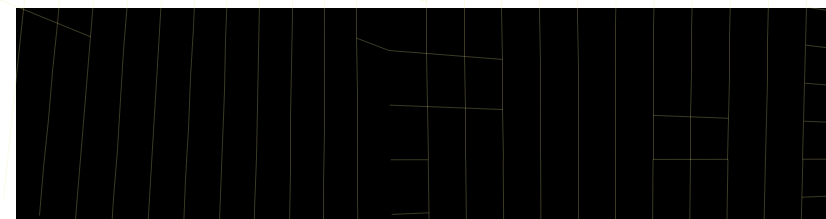

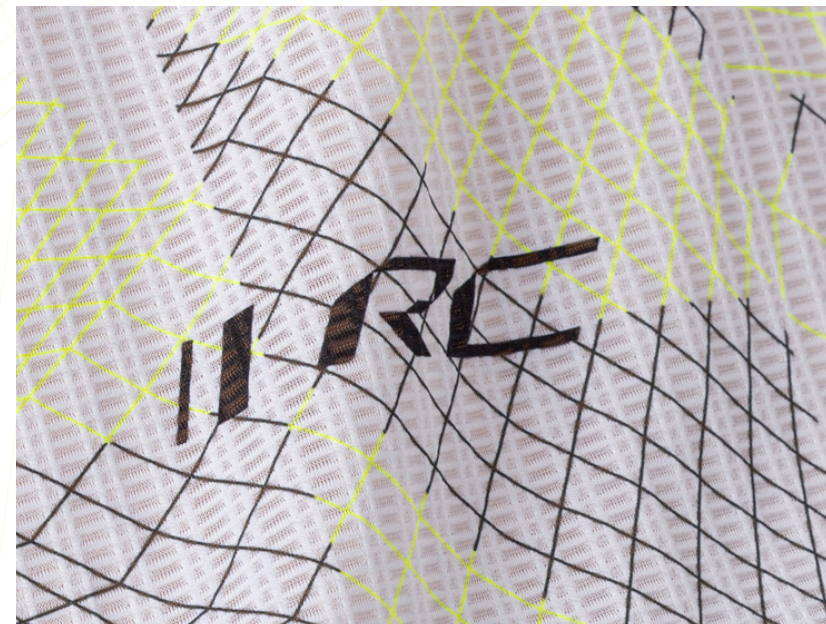

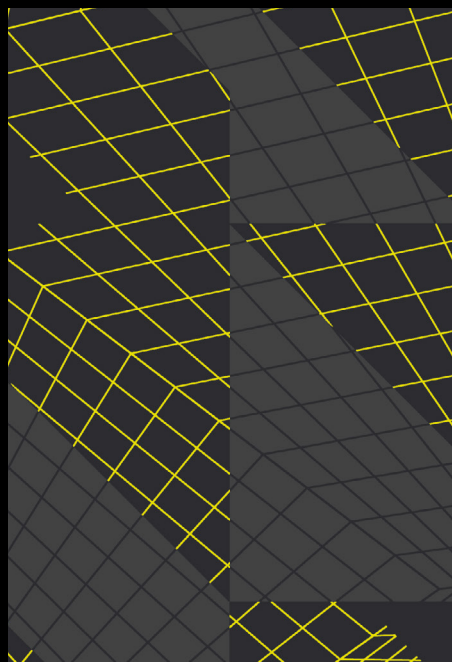

Like the modest champion sitting in the corner, SCOTT quietly lets its achievements, its victories, its skills speak for themselves. We don't make products for those who yearn to be noticed. We make them for those who are going to do what they do whether there's anyone watching or not. If you're like us, you say what you say, do what you do, ski where you ski because you love it. You do it the right way. You do it for the right reasons.

ENERGY/ACTIVE

The energy/active color group advocates our well-being in nature. Inspired by bioluminescent sea life, the Miami green is an energetic and youthful color that brings optimism to all generations and genders. The hay green and cotton white bring peacefulness and serenity.

MOUNTAIN

FOUNDATIONAL / ESSENTIAL

The foundational/essential color group for women has a sense of mystery and escapism with the dark blue, but the sugar pink brings some calm and comfort for a relaxed style. For men, this color group also represents escapism, as well as joy and energy, with a touch of stability thanks to the toast beige.
