

# ORTLIEB HANDLEBAR-RACK

## LUGGAGE CARRIER FOR MOUNTING ON THE HANDLEBARS

The Handlebar-Rack is the first luggage rack from ORTLIEB for mounting on the handlebars. The handlebar rack is ideal for bikepacking but also for city tours. The Handlebar-Rack offers the option of carrying a maximum load of 5 kilograms on the handlebars. The Handlebar-Pack offers three different mounting options to accommodate different package dimensions and make the rack even more versatile. Installation on the handlebar is quick and easy with the Mounting Set QR (not included). Depending on the piece of luggage to be transported, it is possible to mount the rack with a small or large contact surface.

The included rack straps made of flexible webbing can be easily combined with each other thanks to their special connectors, making it easy to secure the transported goods on the handlebar rack.

### OPTIONAL ACCESSORIES:

ORTLIEB Cargo Straps

### SPECIFICATIONS:

Material: Aluminum

Max. Payload: 5 kg

Weight: 405 g

Colors: black
