

ORTLIEB DUFFLE LITE

WATERPROOF LIGHTWEIGHT TRAVEL BAG

The Duffle Lite is a waterproof and very lightweight travel bag that is ideal for trekking, traveling and boat trips. It comes in two sizes, 40 and 60 liters, and offers a unique volume-to-weight ratio. At just 760 or 850 grams, it still packs a punch in terms of functionality.

In addition to the waterproof zipper, which ensures the highest protection class IP67, a wire hanger offers the option of locking the bag with a padlock to prevent unauthorized access. The removable inner pocket protects the other contents of the bag from being accidentally caught in the zipper. An outer pocket with zipper stows everything that needs to be accessed quickly. The compression strap inside the bag ensures that the packed equipment does not slide around in the Duffle Lite. The Duffle Lite can also be optionally extended using inserts to ensure even more packing organization.

The Duffle Lite, which is sustainably manufactured in Germany, can be worn both as a rucksack and comfortably over the shoulder. The padded, removable shoulder straps can also be used as a carrying handle.
