

ORTLIEB VELOCITY DESIGN

WATERPROOF DAYPACK WITH ALL-OVER PRINT

Lake and Jellyfish are the new designs of the classic Velocity, which come with a lot of style. Suitable for all those who also pay attention to the design of their backpack. Uncompromising function is of course also included. The Velocity Design offers 23 liters of volume and is the ideal backpack for pupils, students or commuters. This super practical daypack guarantees quick access and 100% waterproofness thanks to the roll closure. An inner pocket with laptop compartment fixed at the top and bottom stows notebooks (max. 15.4") securely and waterproof.

Foam padded back, anatomically shaped shoulder straps with chest and hip straps increase carrying comfort. The edge protection on the lower corners protects against wear and tear. A rear light or bicycle helmet can also be attached to the Velcro strap. Like all ORTLIEB products, the Velocity backpacks are sustainably manufactured in Germany.
